1. Agency Notice [redacted] states that under Public Law 94 salary increases for CIA staff personnel shall be retroactive to 13 March 1955. This statement was based upon the applicable payroll period for most Agency staff personnel. Under a memorandum from the Director to the Comptroller, dated 29 June 1955, copy attached, the retroactive date of the salary increases for staff personnel who are paid under a payroll period different than that applicable to most Agency staff personnel is specified as the first day of the first pay period after 28 February 1955 in accordance with Section 8 of Public Law 94.

2. Consistent with the foregoing and Section 13d of Public Law 94, for the purpose of determining the amount of insurance for which an individual is eligible under the Federal Employees Group Life Insurance Act of 1954, changes in rate of compensation resulting from the enactment of Public Law 94, shall be considered to be effective as of the first day of the first pay period which begins after the enactment of Public Law 94, approved 28 June 1955. Accordingly, for the purposes of [redacted] changes in the amount of such insurance and the related deductions from compensation for premiums, shall be effective on 10 July 1955, for the payroll period beginning 10 July and ending 23 July.

3. It is recommended that in order to provide sufficient time for the [redacted] payroll personnel to compute pay increases under Public Law 94, that the pay increases be included in the payroll for the period 26 June to 9 July 1955, for which payment will be made on 22 July 1955. Also, it is recommended, consistent with the foregoing, that the retroactive portion of the pay increases be computed for the period from 6 March through 25 June 1955. Under this recommendation there will be no necessity to pro-rate the retroactive portion of the pay increase between fiscal years, as the entire portion thereof will apply to the fiscal year 1955.
